The Northrop Grumman Recreation Club was created by Jack Northrop to help employees achieve a work-life balance by encouraging employees with similar interests to enjoy activities outside of work. The Space Park Site Council is made up of clubs from the legacy TRW Space Park Employees Association as well as new clubs. We are continuing that tradition today by sharing the opportunity to participate in over 20 different clubs with activities that appeal to a wide variety of our employees, retirees, family and friends. We hope you will find something here that appeals to you.
